

Anruf hinzufügen/bearbeiten

Ein neuer Anruf lässt sich über den Button Neu oder über die Leiste Bearbeiten erstellen.

The screenshot shows a web application window titled 'Anruf bearbeiten'. The window has a menu bar with 'Bearbeiten', 'Ansicht', and 'Hilfe'. Below the menu bar is a toolbar with a 'Speichern' (Save) icon and a 'Schließen' (Close) button. The main form area is divided into several sections. On the left, there are input fields for 'Ansprechpartner' (Contact), 'Anrufer' (Caller), 'Telefon' (Phone), and 'Kontakt' (Contact). To the right of these fields are input fields for 'Datum' (Date) set to '02.07.2014', 'Zeit' (Time) set to '11:27', and 'Bearbeiter' (Worker) set to '7470001'. Below these fields are two radio buttons labeled 'gelesen' (read) and 'erledigt' (completed). In the center, there is a large yellow rectangular area for a message. To the right of this area is a list of checkboxes for call status: 'rief an' (called), 'rief zurück' (called back), 'war hier' (was here), 'erbittet Rückruf' (requests callback), 'erbittet Treffen' (requests meeting), and 'ruft wieder an' (calls again). To the right of these checkboxes is a section for 'Dringlichkeit' (Urgency) with radio buttons for 'niedrig' (low), 'normal' (selected), 'hoch' (high), 'sehr hoch' (very high), and 'Notfall' (emergency). At the bottom of the form, there are three tabs: 'Anruf' (selected), 'Bearbeitung' (processing), and 'Auftrag' (order).
